DELEGATES SIGN PACTS BINDING 21 COUNTRIES

American Republics Pen Agreements Forming Bloc Under United Nations

BOGOTA, Colombia, April 30 (AP)—Delegates of the 21 American republics formally approved and signed today a series of pacts binding them into a solid regional bloc under the United Nations.

The signing ceremony was held in the home of Simon Bolivar, famed South American liberator. The charter of the Organization of American States, giving concrete form to American co-operation that has existed since the Pan-American union was organized in Washington in 1890, was approved unanimously by standing vote.

The action came at a plenary session in the large salon Elipico of the Colombian national capital while a large crowd vigorously applauded. Several hundred steel-helmeted soldiers with fixed bayonets guarded the chamber.

THE VOTE was preliminary to a formal ceremony later today at the home of the South American liberator, Simon Bolivar, at which the delegates affixed their signatures to the pact.

Also approved after a month of work in this ninth inter-American conference, once interrupted by the abortive Colombian revolt of April 9, were the pact of Bogota, which pledges the American republics to settle disputes among themselves peacefully; the resolution condemning international Communism and other forms of totalitarianism; a resolution urging the peaceful abolition of foreign colonies in the hemisphere; a declaration on the rights and duties of man, and the resolution that recognition of de facto governments (governments in actual control of their countries though they may be revolutionary) is desirable but not obligatory.

The charter was hailed by the conference president, Eduardo Zuleta Angel of Colombia, as marking an "epoch for pan-Americanism" and as a "truly monumental document."

Year-Old Roses Bring Special Church Service

STOCKPORT, England, April 30 (P)—Father James Turner, rector of St. Mary's Catholic church, said today the roses used a year ago for the church's May festival will be used again, still fresh, in next Sunday's event.

"Is it a miracle," he asked. "I do not know."

"But this amazing thing happened in my little church, and while I can't say whether there has been a divine intercession to keep this bouquet fresh for a whole year I do regard it as a mysterious suggestion to hold an especially devout May festival."

Father Turner estimated that 100,000 persons have visited the church since the 22 yellow roses were first placed on the statue of the Virgin Mary for the past year's May festival.

"NORMALLY, THEY should have wilted within a week or so after the past year's festival," he added. "But they are fresh today, the fern is vibrant in my fingers—it's alive. The petals are soft, not like paper or hay, and there is no sign of crumbling."

Fastened with wire in a cluster of fern to the statue, the bouquet has darkened a bit but the flowers are intact.

Many of those visiting the church have asked for a petal or a leaf, believing the bouquet might have miraculous powers, but the priest said he was keeping it intact. Pauline Byrne, then seven, who placed the roses on the statue the past year, will have a prominent part in this year's festival.

Canada is almost as broad as it is long, being 3600 air miles east to west and nearly 3000 north to south.

Mediation Board Reports Headway In Attempt to Avert Railroad Strike

See Hope to Halt Rail Strike

The government National Mediation board, in a last ditch attempt to avert a threatened nation-wide rail strike scheduled for May 11, reported yesterday in Chicago that there is a possibility that it might be staved off. Shown left to right, studying reports on the dispute are John Thad Scott Jr., Houston, Tex.; Francis A. O'Neill Jr., New York, and Chairman Frank P. Douglass.

House Unit Completes Draft Legislation; UMT Omitted

WASHINGTON, April 30 (P)—The House armed-services committee has finished work on a draft bill and will vote Monday, Chairman Andrews (R-N.Y.) said today.

Under the bill all men 18 through 30 would register, and those 19 through 25 would be liable for two years service. Most veterans would be exempt.

The measure contains no mention of universal military training.

It differs in several respects from one being studied by the Senate armed services committee. The Senate measure combines both draft and UMT, and would register men 18 through 25, and draft those 19½ through 25.

Teen age trainees, under the Senate measure, would be trained in the regular armed forces along with

draftees. Under an original administration proposal, an elaborate system of UMT camps would have been set up to train younger men apart from the armed services.

THE 70-GROUP air force, already approved by the House and by the Senate appropriations committee, ran into a minor snag today.

Full Senate action on the \$233,000,000 bill to start a 70-group air force and otherwise strengthen the armed forces didn't get under way as promptly as the appropriations committee had hoped.

The committee yesterday by a sweeping 16 to 1 vote approved the funds and rushed the measure to the Senate. They wanted the Senate to take action on it today.

But Senate rules will not permit a vote on a measure the same day a committee reports it unless all Senators agree to it.

SENATOR WHERRY (R-Neb.), acting Republican leader, said several Senators objected to taking the bill up before tomorrow.

The administration first favored 55 groups, later revised this to 68 in the face of strong congressional support for the 70 group. Secretary of Air Symington first supported 70, then said he would string along with 66 to keep peace in the armed services.

But under questioning he admitted he still favored 70.

Today Symington called on President Truman and afterwards said he supports the 66 group plan.

He said there are "no differences" between him and the President over defense.

CHICAGO, April 30 (P)—Government conciliators attempting to avert a nation-wide rail strike on May 11 today reported a possibility that it might be staved off.

Chairman Frank P. Douglass of the National (Railway) Mediation board, told newsmen at the end of the day's sessions that there "is a possibility that we might be able to make some recommendations that are not already included in the emergency board's report which might stave off the strike."

Further separate meetings are slated for tomorrow.

Douglass said he found "a sincere disposition on the part of both sides to try to find a settlement. We have in mind the principal things on which they are apart and we are now trying to reconcile these points of view. We think the atmosphere is such that progress can be made."

Douglass said earlier that direct negotiations offered the only hope of avoiding a strike. Neither side favors arbitration, which would be binding on all parties.

Douglass has met separately with representatives of the three unions which called the strike and management. Despite the obstacles met so far, Douglass said, his mediation board will keep working for a settlement.

UNIONS REPRESENTING 190,000 engineers, firemen and engine-men with switchmen, have instructed their locals to quit work at 6 a. m. local time, May 11. The strike was called after the unions rejected a recommendation of a presidential emergency board for a 15½ cents hourly wage boost.

The unions want a 30 percent boost with a minimum hike of \$3 a day. All other railroad workers settled for hourly increases of 15½ cents.

Douglass said the "big difficulty" in the current dispute is the unions' demand for more than the emergency board recommended. The roads, he said, refuse to grant members of these three unions more than the other 18 railroad unions received.

Alvanley Johnston, president of the Brotherhood of Locomotive Engineers, and D. B. Robertson, head of the Firemen and Engine-men, both reiterated a strike would be carried out unless the carriers grant more money.

"THIS BOARD and the carriers can't expect our people to settle for 15½ cents an hour increase in 1948 when they could have gotten that amount in the middle of 1947," Robertson said.

The mediation board's efforts are the last chance for averting a strike under the Railway Labor Law. Railroad workers are not subject to the Taft-Hartley law which provides that injunctions may be sought to forestall strikes that threaten the nation's health or economy.

DETROIT, April 30 (P)—The CIO United Auto Workers threw their third postwar wage drive into high gear today by setting May 12 for a strike of 75,000 Chrysler corporation employees.

The date for a walkout in 18 Chrysler plants was singled out by the union's top policy committee. It was recommended by Norman Matthews, the UAW's national Chrysler director, to whom complete strike authority already had been given.

In its 1948 wage campaign, the union is demanding a flat 30-cent hourly boost from Chrysler, company-financed insurance and pension plans, longer vacations and a guaranteed weekly wage.

Matthews said "this highly profitable company" could meet these demands without raising car prices and still make more than a fair profit.

ARAB POSITIONS ENCIRCLED BY SHOCK TROOPS

British Tell Zionists To Halt Fighting or Face Armed Troops

JERUSALEM, April 30 (AP)—Jewish shock troops threw a headlock tonight around a string of Arab strong-points in a 22-hour battle for Jerusalem.

Fighting in the southern section of the Holy City halted for a time when Arab fighters asked for a truce. Then the struggle was resumed as two heavy explosions rocked the battered Katamon area.

Fifteen Jews and 30 Arabs are known to have been killed thus far.

Just before the brief halt in the struggle, a Jewish agency spokesman said the British district commissioner had sent word to the Jews that if the battle was continued "Britain would use all its arms, including air power," against Jewish sections of Jerusalem.

ON THE PALESTINE coast other Jewish units moved into Salama, a little more than a mile from Jaffa. The Jews were reported unofficially to have seized also the neighboring town of Yezur on the Jaffa-Jerusalem highway. An iron ring thus has been closed around the Arab port city of Jaffa if Yezur as well as Salama now is in Jewish hands.

There were reports that the threatened invasion of Palestine by regular army troops of neighboring Arab states was underway. An Arab news agency dispatch received in Damascus said troops of Iraq and Trans-Jordan entered Palestine this afternoon. There was no immediate confirmation. The Syrian army moved southward to springboard positions from which it might launch a drive into Northern Palestine.

Lewis Asks Negotiations On New Contract to Begin

WASHINGTON, April 30 (AP)—John L. Lewis called on soft coal operators today to start negotiating a new contract May 18. All signs pointed to a hot fight over the pension issue, already the cause of one strike this year.

The United Mine Workers' present contract doesn't expire until June 30. In giving notice of new contract talks 60 days in advance, Lewis apparently was recognizing a provision of the Taft-Hartley labor law.

The law requires 60-day notices. Lewis' contract says that 30 days is sufficient.

Also, the May 18 date for beginning negotiations may be significant. In the past, the starting date usually has been about 30 days ahead of the deadline. A result has been that an old contract expired before a new one took effect, with miners leaving their jobs under a no contract, no work tradition.

SOUTHERN COAL producers also called today for new contract talks; they set no specific date. The present contract allows \$13.05 for an 8-hour day of which 6½ are spent in digging coal. It provides for a \$100 payment for a ten-day vacation period. Lewis is expected to ask for higher pay rates and perhaps more holidays.

On the pension issue, the present contract provides for operator payment of 10 cents per ton mined into a welfare and retirement fund. Lewis may ask 40 cents.

The welfare fund now amounts to \$34,000,000, but no pensions have been paid. Ezra Van Horn, operator member of the welfare fund trustees, has rejected a pension system worked out by the other trustees, Lewis and Senator Bridges (R-N.H.). That agreement ended this Spring's six-week coal strike. It provides for \$100 a month to miners 62 or older who have worked 20 years and have retired since May 29, 1946.

VAN HORN has taken his fight to the courts. He contends the system would illegally benefit miners whose employers did not contribute to the fund, and would bankrupt it. Lewis' goal has been \$100 a month pension for all retired UMW workers 60 or over who have worked 20 years.

WHITE HOUSE DENIES RUMOR OF LEND-LEASE

Report Says President Won't Ask Military Aid For European Nations

WASHINGTON, April 30 (AP)—The White House today ruled out any immediate request by President Truman for congressional action authorizing military lend-lease aid to Europe's 16 Marshall plan countries.

Press Secretary Charles Ross replied "categorically no" when reporters asked whether President Truman would send such a proposal to Congress next week. There had been published reports that Mr. Truman would have a special message on the subject Monday or Tuesday.

Ross declared that Mr. Truman knew nothing about the reports and added: "All he has heard about the message is what he read in the newspapers. No such action is in contemplation."

The White House denied served to overshadow for the moment what is going on inside the government on the problem of strengthening western Europe militarily. Two red lines of action are under consideration, according to well-informed administration officials. Neither of these, however, has yet come up for formal White House consideration or for final decision by the President.

ONE LINE of action under study would call for stop-gap, preliminary measures by the United States including:

1. Temporary authorization for Mr. Truman to lend-lease guns, planes and other military equipment to any the 16 nations in the European recovery program which might require emergency help when Congress is not in session.

2. A resolution which would put Congress on record as favoring both a strengthened United Nations, free of some present veto restrictions, and the formation of a regional defense system by the nations of Western Europe.

SENATORS PROPOSE CUT In Terms of AEC Men

WASHINGTON, April 30 (P)—Over White House protests, two Senators moved today to cut down the new terms of the five atomic energy commissioners to a flat 23 months each.

President Truman has asked their confirmation to new terms ranging from one to five years. Their present appointments expire Aug. 1.

Senator Hickenlooper (R-Iowa) and Edwin C. Johnson (D-Colo.) introduced a resolution which would extend the commissioners' appointments to June 30, 1950. Hickenlooper is chairman of the joint committee on atomic energy and Johnson is a member.

Russian Orthodox Church Midnight Service Tonight to Open Celebration of Resurrection

A procession about the church and the presentation of red Easter eggs to each parishioner who kisses the Cross will mark the opening of Easter services in Holy Trinity Russian Orthodox church at midnight tonight.

The services will follow the observance of Great Saturday today. Kissing the Cross is a devotion known as the "krashanka," during which the Rev. Jonah Milasevich, pastor of the church, will distribute the colored eggs. It is followed by the divine liturgy for Easter.

Another observance in commemoration of the Resurrection is the blessing of the "pascha." Members of the congregation will bring baskets of bread to the church to be blessed after the liturgy is said.

LAST NIGHT, as part of the Holy Week services, the church celebrated Holy Friday with the "plachanitsa," a devotion in which the picture of Christ in the grave

is carried three times around the church by the parishioners.

Because many children will be unable to attend the three-hour service at midnight tonight, another Easter service will be held in the church at 10:30 o'clock tomorrow morning. It will be followed by vespers at 5 o'clock in the afternoon.

The faithful of the Orthodox church will greet each other with the words "Christos voskres," which mean "Christ is risen." They will answer, "Voistino voskres," meaning "Certainly He is risen."

USUALLY THE Orthodox church celebrates Easter on the first Sunday following the first Spring full moon, but because of a 13-day difference between the Gregorian and Julian calendars, it celebrates the Resurrection after the second full moon.

The 13-day difference between the two calendars would have caused Easter to fall on March 15 by the Julian calendar, six days before the earliest date allowed by the Orthodox Church.

Next Sunday, as part of their Easter duty, parishioners will go to the cemetery to pray over the graves of the deceased.

Delaware Students Protest Rehiring of Teachers

DELAWARE CITY, Del., April 30 (AP)—A strike by a handful of students of Delaware City public school protested today reported decision of the school board against rehiring of two teachers, Mr. and Mrs. Arthur L. Slaybaugh. Twenty students failed to return to classes after lunch yesterday. Two of them came back today with their parents and nine others went out. Principal James H. M. Darbie said students desiring reinstatement could appear with their parents and discuss the matter.

Queen of the May procession to be held at St. Aloysius Roman Catholic church at 3 o'clock tomorrow afternoon, Madeline Stranick, 232 South street, tries on the gown and veil she will wear. She will carry a pillow bearing the crown of flowers to be placed on the statue of the Blessed Virgin Mary.

St. Aloysius Pupils to March to Church In Annual May Day Procession Tomorrow

Bearing a crown of flowers for the statue of the Blessed Virgin, 350 children of St. Aloysius Roman Catholic church will march in procession from the school to the church tomorrow afternoon to dedicate the month of May to Mary, Christ's mother.

The youngsters will be dressed in the traditional white, but will wear differently colored wreaths and coronas according to their various groups. They will proceed from the school to the church at 3 o'clock.

Six groups will precede the May Queen, Madeline Stranick, 232 South street, who will bear a pillow holding the crown of flowers for the Virgin. She will be attended by two first grade pages, Francis Axsmith and Francis DeFlavia, who will carry the train of her veil.

THE GROUPS IN THE procession will be those dedicated to St. Aloysius, wearing yellow flowers; those to the Sacred Heart, wearing red flowers; those to the Blessed Sacra-

Ralph D. Wentzel Is Appointed to County Rent Board

Ralph D. Wentzel, of 635 Walnut street, was appointed a member of the Montgomery County Rent Advisory board, it was announced yesterday in Harrisburg.

At the same time, Mrs. Iva K. Yeager, of Spring City RD 1, was named Chester county representative. More than 130 other persons throughout the State were appointed to similar positions in other counties.

A list of the names was sent by Gov. James H. Duff to Federal Housing Expediter Tighe E. Woods at Washington, D. C. under the provisions of the 1948 Rent Control act.

The Federal law provides for appointment of local boards to consider lifting controls or authorizing general rent increases.

THE LOCAL BOARDS, after public hearings, may make rental recommendations, which must be approved by the housing expediter before becoming effective. Should he reject the board's recommendations, the case then goes to an emergency Court of Appeals which has final jurisdiction.

Neither Wentzel nor Mrs. Yeager has had prior experience in rent control work, they said last night.

Wentzel works as "stock checker" in the production department of the Spicer Manufacturing division of the Dana corporation. Mrs. Yeager is the mother of E. Evans Yeager, the owner of a Spring City garage.

Playground Group To Elect Officers

Mothers of the Seventh ward will meet for organization Monday night at 7 o'clock in Bethany Recreation Center to further their cause of bringing a playground to the ward.

Mrs. Joseph Yohn, 787 Walnut street, staunch promoter of the project, has called the meeting to form an organization and elect officers. Further strategy on raising funds to equip a barren lot at Beech and Sheridan streets, handed them by the recreation commission, will be mapped out later.

Meanwhile, Mrs. Yohn announced that contributions of money and materials have been coming in. The total assets to date are \$35, one quart of paint and a tin's spoon and cup set.

The contest to name the playground is open to all Seventh ward youngsters up to 16.

Contributions of cash or materials are still needed to equip the playground. The unfinished lot is the closest the Seventh ward comes to having a playground where youngsters will be able to play in safety.

Obituaries

J. HENRY BEALER, 81, POTTSTOWN RD 3, a retired farmer and husband of Laura L. (Holland) Bealer, died early yesterday morning at his farmhouse near Halfway House where he had lived for the past 50 years.

Mr. Bealer was born in Pigeon Creek, Chester county, a son of the late Silas and Mary (Roberts) Bealer.

The farm on which he lived and worked for half a century is approximately 75 acres and is devoted to dairying. He continued working on the farm until five years ago.

Mr. Bealer was a member of Brownback's Reformed church.

Surviving, in addition to his wife, are four children: Warren H. Bealer, 10 West Third street, and Horace, Irma, wife of Luther H. Boyer, and Howard, all three of Pottstown RD 3.

Also surviving are a brother, Arthur Bealer, of Pughtown; 11 grandchildren and six great-grandchildren.

Funeral services will be held Monday afternoon at 2 o'clock from a funeral home at 238 High street. Officiating will be a grandson, the Rev. Luther H. Bealer, pastor of St. James Lutheran church, Lebanon.

Interment will be made in Brownback's church cemetery.

Funeral services for MARY SNIN-CHAK (MIHAYLO) PITCHIK, of 58 SOUTH EVANS STREET, widow of Paul Pitchik, will be held Monday morning at 8 o'clock from a funeral home at 238 Beech street.

Requiem high mass will be celebrated in St. John's Catholic Church of the Greek Rite by the Rev. John Taphich, rector.

Interment will be made in the church cemetery.

British Bomber Crashes; Nine Bodies Recovered

LONDON, April 30 (AP)—A Royal Air Force bomber with 11 airmen aboard crashed and burned today near Avignon in southern France.

The air ministry said it had no reports of any survivors and dispatched men from Avignon, France, said nine bodies had been recovered.

The air ministry said the plane was returning from a training flight to the Middle East.

Model Airplane Club To Use Park Area For Control Flying

Plans are in the machine to make Manatawny park an airfield.

Don't take out crash insurance on your home yet, though. The planes will be wire-controlled models flown by members of the Pottstown Model Airplane club.

Francis Donnon, recreation director, has given the club permission to use the park for flying and will even help them set up the 140-foot diameter circle necessary for control flying.

Members were told at a meeting Thursday night the only headwind blocking progress now is acquisition by Donnon of a scraper blade for the recreation commission's tractor so that the circle may be cleared.

WHEN FINISHED, the circle will be flat and smooth with a pipe planted at its center. The "flyer" hangs onto the pole while he turns with his model, held at the perimeter on the ring by two control wires. Planes have reached 140 miles an hour in such a rig.

So far, ten members of the 32 in the club have taken up control line flying. The plane used is of light wood with a gasoline engine.

Edward W. Jameson, president, also announced that: hereafter meetings will be every Thursday night at the Daniel Boone Home-stead, Baumtown; the club has bought an electric plane starter; T-shirts emblazoned with the club insignia have been ordered and there will be a model meet in Lansdale tomorrow.

HOW STEADY ON THE TARGET?

If you've ever done any shooting, you know that lining up the target in your sights isn't too hard.

What is tough is keeping your aim steady until the trigger is squeezed, and the bullet starts for the bull's-eye.

Saving money is a lot like that for most of us. It isn't too hard to save a little every once in a while. But to keep our aim steadily on the target of financial security—to save, regularly, some part of everything we earn—has always been a really tough job!

Yet today it needn't be! There's a new, easy, automatic way to save and to keep on saving until you hit the mark you're shooting for. It's buying U. S. Security Bonds on the Bond-A-Month Plan at your bank!

What's more, every dollar you put into Savings Bonds does two extra jobs. It helps keep your country strong and financially sound. And it makes more money for you—for the \$75 you save today will grow to \$100 in just 10 years!

So keep on buying every bond you can afford. And remember, the best way to buy is the steady way—the automatic way—on the Bond-A-Month Plan!

The stroke of the tongue breaketh the bones. Many have fallen by the sword; but not as many as have fallen by the tongue.—Ecclesiastes 28:17, 18.

A Forgotten Holiday

WITCHES on broomsticks fill American skies on Hallowe'en, millions of valentines exchange hands on February 14, and Santa is busy for weeks preparing for December 25. But the first day of May rates scant attention in Pottstown.

In spite of the American love of holidays, the colorful celebration of May Day has never really gained a foothold here. Occasionally children can be seen dancing around a May pole in parks and playgrounds, and youngsters in some rural communities still gather May flowers on the first day of May, and leave gay little baskets of blossoms and bonbons on the doorsteps of friends and neighbors. But as a general holiday for adults, May Day means little.

The fact that the Puritans frowned on May Day festivities is given by some as the reason the day has never been celebrated with much national enthusiasm in the United States.

As is the case with most holidays, the origin of May Day is more a matter of theory than of historical fact. Credit sometimes goes to the ancient Druids, probably because of their worship of the tree.

The May pole, or May tree, has long been the symbolic center of May Day festivities. But students of folk customs feel it's more likely that the tradition goes back to the "Floralia," Spring festival of the ancient Romans.

Floralia was celebrated each year from April 28 to May 3, in honor of Flora, goddess of flowers and Spring. A very gala affair it was, with games and street dancing, and floral offerings to the goddess. The first boy or girl to adorn Flora's altar with a garland of flowers was assured of good luck throughout the coming year.

During the Roman occupation of Great Britain, the festival was probably introduced to the English, and evolved into their May Day.

Whatever its origin, the English May Day festival of the Middle Ages was the jolliest of the entire year. The festival has remained close to the hearts of the English people, and is mentioned often in literature of the land. We are told that even King Henry VIII and Queen Catharine "rose on May Day very early, and with the lords and ladies of the court went to fetch May or green boughs."

Very strange things take place on May Eve in Ireland. If one is brave enough to listen, the fairy pipes of the "wee people" can easily be heard. Enchanted cities spring up from the sea, and even O'Donoghue of Killarney leaves his castle under the waters and parades on a dazzling white steed, followed by his lords and ladies.

The one rather universal observance of May Day in the Pottstown area are the gay Spring festivals held everywhere on high school grounds. The outdoor celebrations include May pole dancing, and a bevy of ladies-in-waiting to attend the modern "Queen of the May."

The One-Man Car

THROUGH the increase in the average life span of automobiles to 12 years, as reported by the Department of Commerce, the American motoring public may have lost something in the quality of its transportation. It has undoubtedly gained in the character of it.

A new car is shiny, and its owner basks in the reflected glory of its paint job. But it is a beautiful stranger. An old car is a friend, tried, though perhaps not so true any longer in the posture of its chassis or the alignment of its wheels. It and its driver have grown older and crankier together, and understand each other, as much as men and machines ever come to.

It won't even start without an apparently meaningless jiggling of the key in the switch, which its master alone can manage. Guiding its course is only partly a matter of steering, and largely a matter of having experienced gradually the increasing play of the wheel, which has become so fantastically loose that it is immediately frightens off any alien hand.

After the impersonality of a car begins to wear off, along about the eighth or ninth year, it develops so many idiosyncrasies that hardly anything can be got out of it, from a left turn to a full stop, without the special coaxings which its owner alone knows how to make.

A new car may be a source of pride. It may offer its possessor a reassuring sense of being neck-and-neck with the Joneses. An old car may be falling apart, stuff in its universal joint its carrouser wheeling, its headlights rheumy. Nevertheless, a new automobile might be owned or anybody. It takes an old-timer to be a one-man car.

Teach Ethics, Good Manners

To the Editor: The other day my youngest came home from school excited about a malicious rumor he had heard about a child at school. I checked the story my child told at once and found it to be absolutely without foundation. It is too bad children are the victims of such things. It might be a good idea if more parents would encourage ethics and good manners.

I happened to know the family of this child so at once I felt it was an injustice. It certainly is disgusting what some folks will do.

Demand for Lower Prices

To the Editor: One of the reasons man is supposed to be the biggest form of animal life is that he learns fastest from experience. I wonder.

We read of the third round of wage increases about to be demanded by organized labor. If granted, the more highly organized workers will gain a temporary advantage over the rest of the community. Then what happens? Prices rise? A fourth round of bust?

Would it not be a real move toward stability of wages and prices if the organized workers used their strength to demand maintenance of present wages or even a small reduction, in return for a larger reduction in the price of the product they make?

At the present time, it would be like a shot in the arm to our economy if both the AFL and CIO demanded an over-all reduction of 10 or 15 percent in the retail price of the products they fabricate, in return for which the unions would sign a contract at present rates.

History proves that in the race between prices and wages, prices always win. Isn't it time labor learned this and changed its technique?

Why Work for Europeans

To the Editor: No country, people or persons will work and produce without an incentive. Why should Europe's people work for themselves if this country is willing to support them? Any aid they receive from us should be of a technical nature and in the form of favorable trade conditions.

FOR THE LIVING
OF THESE DAYS

by
VICTOR F. PATTERSON
General Secretary Y. M. C. A.

WHY DO YOU CALL ME LORD AND NOT DO WHAT I TELL YOU? Luke 6:46

YOU CHEAT GOD AND SHOW LACK OF RESPECT FOR HIM WHEN YOU: Squander your resources on all manner of evil.

Doubt His love and justice to the extent that you wonder if religious devotion really does make any difference.

Have an attitude toward religion which is dominated by material rewards.

Show irreverence, deceit, avarice and lack of respect toward Him.

Have allowed your religion to deteriorate to a point where it has become grossly utilitarian.

Show disloyalty in your marriage relationships.

Give that which is inferior to Him who deserves your very best.

Allow your high ideals and purposes to become diluted with "The Practical."

Withhold the best of your talents, work and influence from the church of Christ.

Do not uphold the vows of membership in the church of Christ which you took as you stood before its altar.

Are afraid of the future, cannot find in Him hope against an uncertain tomorrow.

Forget that though your own life may be altered, confused, disarranged: Jesus Christ is the same yesterday, today and forever.

Do not know the peace of soul which comes only to those who love Him.

Think you can escape the purifying fire of His righteousness.

YOU ARE GIVING GOD YOUR BEST
IN THINKING AND PLANNING WHEN YOU:

Daily do things within your sphere of influence to express your honor and love for Him.

Realize He doesn't need what you have to offer as much as you need to offer your best to Him.

With great patience and devotion give time and leadership to Christian enterprises.

Seek to give every child the best possible home, school, character education and church.

Guarantee everyone of every race and religion an equal opportunity to get the best America has to offer in work or culture.

Have some definite convictions regarding the foundations for a new world on which you are willing to stake your very life.

Actively support the forces of good operating our community and at the cost of some personal sacrifice.

Seek the good—shun the evil.

Are proud of your allegiance to Him and will speak in public support of Christ's cause of life.

Work to cause the business and social life of our community to new heights of good and clean living.

Daily strive for the world that you want, but for the glory in Him which can't be taken away.

INTERPRETIVE

Allies Reaching Point
To Harness Aggression

By J. M. ROBERTS, JR.
(AP Foreign Affairs Analyst)

THE WESTERN Allies are rapidly approaching the point where they will be able to tell Russia definitely that further acts of aggression will mean war.

Actually, when that time arrives, no telling may be necessary. The whole Allied program is directed toward creation of a situation which will be self-evident. As Gen. Leslie Groves puts it, "To insure the peace we must not only be convinced ourselves that we have adequate strength to insure certain victory, but we must be certain that any potential enemy is likewise convinced of that fact."

That's why, with the Marshall Plan for economic muscle — building getting under way, the nations are moving swiftly to provide the military insurance.

Reports from London indicate that, at long last, the countries have been able to agree on a program for realistic use of Germany's resources in the cold war, and for employment of her strategic value if the war should turn from cold to hot.

At the same time they are working on plans to pool their military resources just as they have their economic resources. This is not to be a mere alliance, in which the contracting parties agree vaguely to aid each other when the need arises. It is a co-ordinated program to see to it that each will provide a truly complementary share. Arms are to be standardized, quotas set up, and interchangeable units trained so that they can operate under a unified command such as SHAEF provided against Hitler.

THE UNITED STATES, for the time being, is standing in the background while pushing her own rearmament program. The procedure is the same as for the Marshall Plan. When Western Europe has taken its own military inventory and decided what it can do for itself, then the United States will step in to take care of the balance. This is expected to consist principally of arms supply. Troop reinforcements will follow if needed.

Other European powers, especially Italy, are expected to throw in with the present five-nation pool. The United States would like to see it include all of the 16 Marshall Plan nations. But there is a general tendency now to get the full program into operation before others are admitted.

There is a danger of Babel if too many others are involved in settling original organizational problems. And a strong if small core actually at work will make it easier to handle the Italian peace treaty revisions, especially regarding rearmament, which will be necessary in her case.

WHEATHER OR NOT the United States becomes an active member of the European alliance she will play a role much akin to the one she adopted toward France and England in the first two years of World War II. She will also act as a strong link between the Western European union and the Western Hemisphere Defense league formed at Rio.

But she and Europe will be sure this time that America is not merely an arsenal of democracy; that she is a committed enemy of aggression, ready to move.

The Worry Clinic

By DR. GEORGE W. CRANE
JANICE W., 24 is an attractive brunet.

"But, Dr. Crane, something must be wrong with me," she protested, "for I don't seem to be very popular with boys."

"Other girls with no better figures and no more attractive clothes, are able to get plenty of dates. I have a good education, and appreciate good music and books, but the boys pass me by."

"Oh, I have a date once in a while, but I don't seem able to hold my man. Maybe I am partly to blame, for the young men nowadays want to paw over you and make improper advances even on their first date."

"Since I refuse to indulge in such things, that apparently puts me to the front of the line as a friend."

"But, Dr. Crane, aren't there any young men left who enjoy having a good time at a dance or the movies without trying to be vulgar before the evening is over? I am all confused. What should I do?"

JANICE's criticism is widespread, and indicates woman's faulty understanding of masculine psychology.

When a girl goes out on a date, she wants to have fun. To the average young woman, this means going to new places for dinner or a movie.

She also likes to show off her attractive figure and clothing and, last, but not least, the fact that she has a boy friend.

Girls thus enjoy wearing engagement rings and wedding bands. Why? Partly for the same reason that the Indians used to carry scalps on their belts. It is a mark of social prestige! It means the girl has been able to win a man in this competitive modern market.

Men have a different slant on life. Movies and quiet tea rooms, exotic restaurants, etc., have much less effect on them.

They realize that such things are apparently expected of them as part of what is called a conventional date, so they put up with it.

Where the average girl likes to go with the crowds, her escort often wants to take her off alone.

This is an essential difference between men and women which causes all sorts of quarrels even after marriage, for the husband's quick slip into a solitary role of one home at night.

When a man goes a girl alone it isn't long till he starts the petting process. Why? First because it is natural for the male to be the aggressor. This is one of the essential sex differences between males and females.

But isn't primarily her kisses or further sex liberties which he craves. His basic desire is for the exhilarating sense of masculine power and dominance. Sexual affairs are but a means to this end.

A clever girl however can inflame her boy friend's fancy without submitting to undue petting or undue sexual liberties.

But most girls don't understand a man's way of thinking so they either surrender or else quarrel violently and have no further dates.

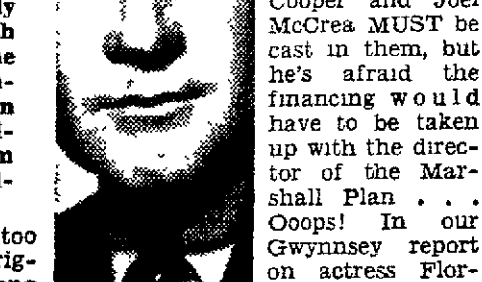

Hollywood

By EDITH GWYN

HOLLYWOOD, April 30—Madeleine Carroll, just finished with "An Innocent Affair," her first picture in five years, is off for the East and Europe. Spent her last three days here just posing for a magazine photographer.

A note from W. C. Tuttle says he's glad so many fans are interested enough in his "Haskin" series to write us and insist that Gary Cooper and Joel McCrea MUST be cast in them, but he's afraid the financing would have to be taken up with the director of the Marshall Plan.

Coops! In our Gwynnsey report on actress Florence Bates we said she was the sole woman member of the Texas State Bar. We should have said the first femme member!

Joel McCrea

Biggest party of the season was the flower-bedecked dinner-dance for Mocambo's owner, Charlie Morrison and Mary Kunody, following their wedding. Never saw so many glamour-pusses—four hundred to be exact! Cornell Wilde and his wife, Patricia Knight looked especially happy because they're going to be co-starred in a picture called, "The Lovers." Very appropriate—now that all their tiffs seem to be patched up. At least, this movie break for Pat will settle one and for all whether she's to have a picture career or not. That was the root of most of their battles.

Frank Sinatra splintered his elbow as he flipped himself into his swimming pool the other day. It's very painful and done up in a sling. But it isn't preventing him from flying to San Francisco tonight to sing a benefit for the League for Crippled Children.

SORRY TO report that it looks like the long-time romantic idyl of little Wanda Hendrix and war hero Audie Murphy is at an end—and that for the first time, she's dating other people. They'd planned to be married this year—and lotsa people still hope they will. It's been definitely decided to make "Edward, My Son" in England this Summer. So Spencer Tracy, director George Cukor and Deborah Kerr will be crossing the pond soon. Dick Powell went to that gal with the hair-restoring salon on Vine St. and she filed in the bald patch he had on the back of his head in four months' Result: Dick is in a new business. He's bought a partnership in her establishment. She also grew a lot of hair for Jimmy Stewart when he came home from the wars sporting some scalp where hair should have been—along his part.

A CHARACTER who runs a big market here says that business is so bad even the people who never pay their bills aren't buying! Dennis Day is leaving the Jack Benny program when this season ends in June.

Her name is "Charmie" Allen, and she is a radio actress, playing with Cameron Prud'homme in the "David Harum" program as "Aunt Polly." Charmie sidestepped the career of a concert pianist planned for her by her mother, and became an actress. She married the manager of a vaudeville theater and left her native Dayton, O., for Buffalo, N. Y., where she doubled as housewife, actress in Summer stock, local theater groups and radio. Charmie has a daughter, Willa Gene, who also is a radio actress.

James Melton, star of the Metropolitan Opera company and radio, was a student at the University of Florida, the University of Georgia and Vanderbilt university. He began his career in a humble way as a member of Roxy's Gang, a child group at the Roxy theater, New York City. His next chore was as radio soloist, then came concert tours. In 1938, he became a member of the Chicago City Opera company, then was with the Cincinnati Opera association and since has been a leading tenor with the Met.

Voice of Broadway

By DOROTHY KILGALLEN

Jottings in Pencil

GYPSY ROSE LEE's former husband, Robert Mizzy, will wait down the aisle this month with Michael Neal of the Broadway shows. She used to be married to writer Harold Conrad.

Frank Sinatra is quietly taking flying lessons, which will give a lot of bobby soxers and big executives simultaneous shakes. Mickey Rooney has given DiAnne Garrett an Afghan dog that answers to the name of Mickey.

Bob Topping found time in the middle of preparations for his wedding to Lana Turner to telephone Eddie Condon from California. He wants to hire Eddie and his Dixieland crew to play for the opening of the midjet auto races at Stambard Stadium in England.

There's talk that Jean Arthur will replace Wendy Hiller in "The Heiress" when Wendy (who has been feuding with producer Jed Harris) returns to London in May. When the police department finishes its campaign against gambling, it will swoop down on the check cashing racket.

YOUR HEALTH

By HERMAN N. BUNDESEN, M. D.

FEW of us realize it, but we all have our own private radio broadcasting stations. The brain—station YOU—is constantly sending out waves of electrical energy in very much the same way that a broadcasting station transmits sound waves.

Just as your radio set at home can pick up broadcasts, so we now have an instrument, called the electro-encephalograph, which can record the waves from the human brain and make a tracing of them. This has been found extremely helpful in establishing the correct diagnosis of certain mental and nervous disturbances. Of course, it requires expert knowledge to interpret these tracings after they have been made.

In making the tracing, the patient either lies or sits relaxed, with the eyes closed. Drowsiness must be avoided since sleep produces changes in the waves which may be difficult to distinguish from those produced by abnormal conditions.

The patient should breathe briskly and deeply for about three minutes, since this will help to bring out any abnormalities in the brain waves. However, the use of such drugs as sedatives or sleeping preparations may mask abnormal waves.

It has been found that abnormal waves will occur in about nine out of ten persons who are suffering from epilepsy, a condition in which there is loss of consciousness, sometimes accompanied by convulsions or spasms.

It has also been noted that the parents or near relatives of epileptics frequently have abnormal brain waves. For this reason it has been suggested that patients with such abnormal brain waves may well avoid having children.

Attacks of epilepsy may also be differentiated from hysteria by means of the brain waves. In hysteria, a condition in which there is a variety of symptoms caused by mental strain, abnormal waves do not occur. In narcolepsy, however, a condition in which the patient suffers from excessive sleepiness, the brain waves are abnormal.

Now and then migraine headaches may be due to changes in the brain which can be detected by electrical tracing of the brain waves. It is also possible to determine, in some cases, just where a tumor growth in the brain is located by means of the electro-encephalograph. Changes in personality may follow brain inflammation, and in chorea or St. Vitus Dance disturbances of the electrical waves from the brain occur. Electro-encephalography may also be helpful in making such diagnoses.

To Observe the Day...

MAY DAY — Your face is freckled? Before the sun rises this morning, go to your lawn, gather the dew and wash away the freckles with the magic of the May morn! It's an ancient superstition, for as far back as 1661, Samuel Pepys wrote in his Diary under April 30: "My wife away, down with Jane and W. H. W. to Woolwich, in order to a little air, and to be there tonight, and so to gather May-dew tomorrow morning, which Mrs. Turner has taught her is the only thing in the world to wash her face with."

SINCE TIME immemorial, May Day has been the occasion for exhilaration, gaiety and good cheer. In England especially it was a holiday. All classes of persons camped out for the night before, gathering green boughs and branches, cutting down birch trees to prepare for the morrow's maypole, and indulging in sports and pastimes.

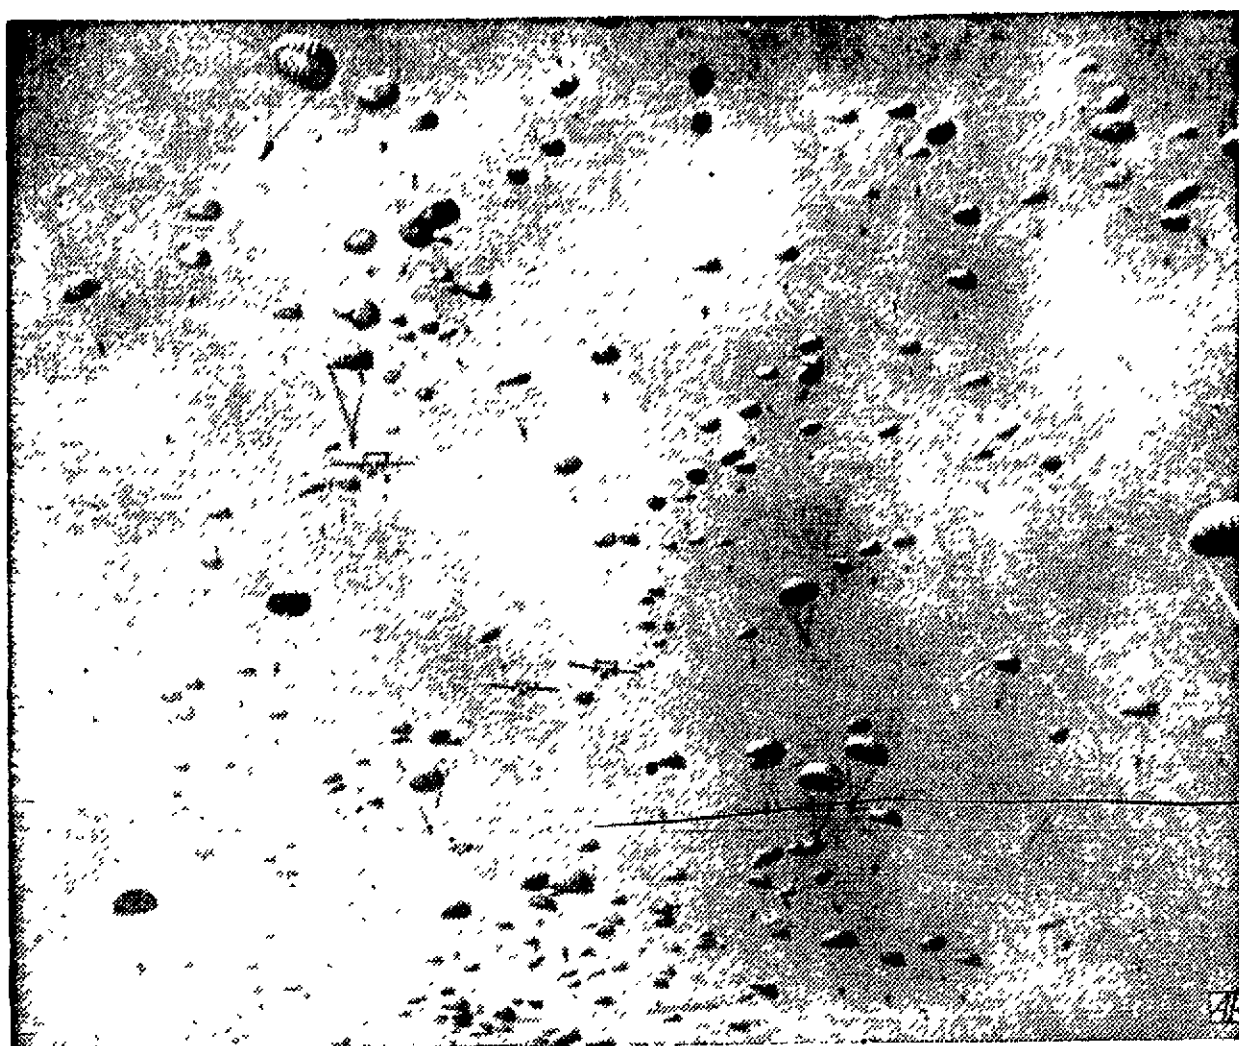

AT THE BREAK of dawn, the gaily painted maypole, adorned with wreaths of flowers, ribbons and flags, was taken in procession to its appointed place in the town or village where it was set up for the day, being an occasion for much boisterous merry-making. Even King Henry VIII joined in the "Mayings." An old Chronicle said:

"One of them, which called himself Robin Hood, came to the King, desiring him to see his men shoot, and the King was content. Then he whistled and all the 200 archers shot and loosed at once; the noise was strange and great, and much pleased the King and Queen. Then the horns blew till they came to the wood, and there was an arbour made with boughs, with a hall, and an inner chamber and covered with flowers and sweet herbs which the King much praised. . . . As they were returning met with them two ladies in a rich chariot drawn with five horses, and every horse had his name on his head, and on every horse sat a lady with her name written; and in the chariot sat the Lady May, accompanied with Lady Flora, richly appareled; and they saluted the King with diverse goodly songs."

BUT, ALAS, the Mayings grew out of hand. In the "Proceedings of State Affairs," there was complaint that:

Monday, 1st May, was more observed by people going a'maying than for divers years past, and indeed much sin committed by wicked meeting with fiddlers, drunkenness, ribaldry, and the like; great resort came to Hyde Park, many hundreds of coaches and gallants in attire

Berks Jurist Defers Final Decision in Slot Machine Case

Sentence was deferred on Walter Shunk, of Boyertown RD 1, charged with keeping and maintaining a gambling house, the past Thursday when Judge Warren K. Hess said there has been much talk about slot machines and if authorities are sincere in their campaign they will find the court will treat everyone alike in the county.

Deferment came in view of Judge Hess's statement and the court's attitude to see what develops in similar situations. Shunk had pleaded guilty following his arrest the past Jan. 10, when slot machines were found in the Worman Rod and Gun club near Earlville.

Shunk's counsel, Samuel R. Liever, said the club was a voluntary association and not chartered. Liever advised the court that several officers of the club were in the courtroom. They were not called. Liever said that Shunk is not an officer but is owner of the establishment. Russell H. Yoder, second assistant district attorney, said the Commonwealth is not asking for a jail sentence.

Church Groups Plan Exchange of Visits

Members of Adult Bible class of Church of the Good Shepherd, Evangelical and Reformed, will be guests of the Adult Bible class of St. John's Evangelical Lutheran Sunday school tomorrow at 9 a. m., while the Young People's Bible class of the Lutheran church will visit the Reformed church at the same time. Morning services in both churches will be omitted.

At the program in St. John's, the theme, "Daily prayers lessen daily cares," will be used. The Rev. David P. Longacre, host pastor, will teach the lesson, while the Rev. Harper L. Schneck, pastor of the Reformed church, will offer the prayer and pronounce the benediction.

Special music will be provided by St. John's Bible class orchestra under the direction of Robert Hartman. The program will include: selection, brass quartet, consisting of Eugene Johnson, Henry D. Johnson, David Schaeffer and Harold Landis; piano duet by Shirley Gift and Marian Moser; trio, Mrs. Russell R. Schaeffer, Mrs. Harold Leinbach and Mrs. Joseph Mathias.

Boyertown High Bandsmen Set to March In Reading-Berks Bicentennial Parade

Although warned by a Reading musician's union not to march today in the Reading parade in Mt. Penn., Boyertown High school band will participate in the parade of city and county school students in Reading next Friday, in connection with the Reading-Berks County Bicentennial.

This was announced yesterday by Lawrence E. Grim, high school principal. Participation of the band had been in doubt as the result of a ruling made recently by Musicians, Reading, in which permission to march in today's Mt. Penn. Reading parade was denied.

Charles S. Keller Jr., president of Local 135, said the past week that the status of the Boyertown unit was unchanged. He refused to elaborate on this. When asked how it was that the Phoenixville High school band had been allowed to participate in a celebration of Nev-

ersink forest, Tall Cedars of Lebanon's 34th anniversary observance, Keller again declined to comment, adding that this would be mixing up one thing with another. He did not clarify his statement.

Final decision that the high school band would march in the Bicentennial parade came yesterday after almost two weeks' discussion as to whether the unit should be barred from one parade and turn around and march in another. The Mt. Penn. High school band is scheduled to march in today's parade, it was stated yesterday.

Keller, the local president in Reading, also refused to comment on the suggestion by Boyertown board of school directors in a recent meeting that the committee arrange for Der Gnom Karneval, Boyertown's Halloween parade, limit bands in the line of march to high school outfits and drum and bugle corps.

W. H. Reifsnnyder Re-elected Head Of Tennis Group

William H. Reifsnnyder Jr. unanimously was re-elected president of Boyertown Ten Racquetters tennis club at a recent meeting of the group in Reifsnnyder's office.

Other officers re-elected included John Rose, vice president, and Gordon Hunsberger, secretary - treasurer. Merrill Crouthamel and Jesse Mercer acted as chairmen for the meeting until officers were named.

The club will sponsor a town tennis tournament in June and again in August. Also discussed was the possibility of holding a junior tournament for youths up to and including 15 years of age and also a girls' tournament. The club decided to sponsor these tournaments and have someone assist in conducting them during the Summer.

A "TENNIS LADDER," in which members will play each other to determine club standing, also was announced as a club project.

Physical improvements contemplated at club courts on East Front street include replacement of two net posts and purchase of a new net. Purchase of a ton of calcium chloride also was announced.

Hunsberger, the secretary-treasurer, read the financial statement and it was approved by the club. Dues for the current year will remain the same as the past year.

In announcing plans for the junior tournament, a club spokesman said, "We feel that for years Boyertown has had fine tennis players and we hope to retain the interest in tennis by conducting the junior tournament." Any youths interested in tennis were invited to contact Rose, the vice president, or Hunsberger, secretary-treasurer.

Narrow Escapes From Tragedy at Sea Described by Miss Berky to Lions Club

Marian S. Berky, who returned recently from a 15,000-mile trip in the stately schooner, "Utopia," told members and guests of Boyertown Lions club of her experiences at the group's meeting Thursday night in Boyertown.

Each time the Boyertown young woman speaks, she reveals new adventures and members of the club sat spell-bound as she told of places visited and sights she had seen. Her mother, Mrs. Mabel S. Berky, was a club guest.

Miss Berky described how en route from Havana to the mainland, the 65-foot sailing vessel encountered a severe storm, with winds up to 50 miles per hour. By that time the crew was depleted to six active members, one of whom was suffering from an infected arm. She was on a "four hours on and four hours off" shift when she and her helper decided to add sail.

While her companion climbed out on the bowsprit to attach the sail and she remained as far up front in the boat as possible, the vessel dipped into the trough of a giant wave and she was nearly washed overboard.

MISS BERKY ALSO described how in the Caribbean region the boat was at anchor but crew members quickly found that the vessel was parked right in the middle of a Navy PBV runway.

Workers to Attend Foundry Exhibit

More than 70 employees of Union Manufacturing company, Inc., Boyertown, were expected to attend the international convention of the American Foundrymen's association in Philadelphia Tuesday.

Special chartered buses will leave Boyertown at 8 a. m. and will return leaving Philadelphia at 7 p. m.

Union Manufacturing company, Inc., is encouraging its employees to go to the show because it is held every two years and has not been in Philadelphia for the past 14 years. The Boyertown plant will be closed Tuesday to allow workers to see the exhibit. The convention and exhibit will be held in the Quaker City from Monday to Friday, inclusive.

The show exhibits practically every type of supplies and machinery that are used in a foundry, including pieces as large as those 30 and 40 tons in weight.

Soviet Bid for Air Control In Vienna Zone Rejected

VIENNA, Austria, April 30 (AP) — A Russian proposal which would give Russia complete control of all air traffic in and out of Vienna was rejected by the three Western powers today.

The proposal, introduced in the Allied council meeting, called for prior clearance for each specific flight, regardless of its destination. It also would restrict the types of planes that could be used and the corridor lanes over the Soviet occupation zone.

In rejecting the proposal, France, Britain and the United States pointed out their satisfaction with present regulations, agreed to as far back as June 1945.

PSHS May Queen

—Mercury Staff Photo

Before the crowded auditorium of laughing, gleeful, fun-bound dancers, Miss Daisy Goodyear was crowned queen of the annual Sophomore-Junior coronation and dance last night. Seated on the throne is Miss Goodyear, while Miss Janet Corbett, 1947 May queen, places the crown upon her head.

Daisy Goodyear Revealed May Queen At PSHS Sophomore-Junior Coronation

By MARY JANE FEGELY (Mercury Staff Writer)

"Mirror, mirror, on the wall, who is fairest of us all?"

If any of the seven lovely Pottstown High school girls had put this question to any mirror, it probably would have truthfully answered that each was a May queen in her own right.

However, the students of the Senior High, in an election more important to them than the coming presidential campaign, voted Miss Daisy Goodyear, daughter of Mr. and Mrs. Edward M. Goodyear, 455 Charlotte street, as the fairest in the senior class.

The secret was revealed last night as the queen and her court paraded through the gymnasium of the Pottstown Senior High school when the annual sophomore-junior coronation and dance was staged. Music was provided by Wally Spotts and his orchestra.

MISS GOODYEAR, a pretty little brunette with laughing blue eyes, presented a lovely picture in her pale pink marquisette gown which was trimmed in tiers of pink lace. The long full skirt was caught up with selfsame pink marquisette bows and the drop shoulders were a ruffle of pink lace. She carried a beautiful old-fashioned bouquet of pink roses and daisies trimmed in pink satin ribbon.

THE RUNNERS-UP also rated many second glances as they paraded through the gymnasium to the tune of "The Anniversary Waltz."

Lovely blonde Phyllis Snell preceded her queen in an aqua dotted Swiss gown from which fell folds of gathered material to form a graceful bustle in the back. It featured a round yoke surrounded by a large ruffle. Tiny puffed sleeves completed the dress.

Miss Kitty Lou Schmeerer, a vivacious brunette, was breath-taking in a black and white checked taffeta gown trimmed with white pique around the low cut top with white pique straps and bow.

A pink taffeta skirt, topped with a black velvet bodice which was trimmed with pink, formed the gown worn by cute Miss Bonnie Swinehart, a representative of the Junior class.

SOPHOMORE CLASS beauties, Miss Joan Smith and Miss Roberta Schmeerer, led the group. A black

and white checked taffeta trimmed with black velvet shoulder straps and featuring folds of checked taffeta comprised the darling gown worn by Miss Smith, also a brunette with pretty blue eyes and just a dash of freckles.

Roberta Schmeerer, or Bobbie as she is known to her friends, looked as fragile as a China doll in a light blue marquisette off the shoulder gown with a rhinestone trimmed bodice. Her long light brown hair and calm blue eyes complimented her gown.

Each of the six girls in the Court were presented with a single gardenia which they carried as they entered the packed gym.

MISS JANET CORBETT, May Queen of the class of 1947, looked even prettier than last year, as she graciously placed the crown on the head of Miss Goodyear. She wore a simple pink net gown featuring short puffed sleeves and a tiny peplum around the waistline. She, too, was presented with a gardenia.

Sponsors were: Mrs. Mildred Hutt, Mr. and Mrs. Arthur Emery, Mr. and Mrs. Glenn Turner and Mr. Bertram Scanlin.

Among the dancers were: Mary Jane Ricci, Irene Hudock, Ann Macdonald, Barbara Tinkler, Gerry Marchione, Stanley Miller, Dick Snell, Joseph Stonessier, Shirley Hils, Janet Christman, Virginia Hille, Laura Pegely, Tom Fisher, Charles Richards, Betty Thomas, Harold Bauer, Carl Yeagle, Mae Fox, Edward Schumacher, Joan Smith, Daisy Goodyear, Virginia Hoagery, Delores Proschak, Patsy Daniels, Grace Yergy, Patty Kast and Peggy Kast.

ALSO GEORGE MARQUETTE, John Kish, Edgar Gerber, Albert Impink, Dorothy Hyde, Betty Frech, Lorraine Davidheiser, Jackie Wert, Helen Merkel, Earl Riegner, Emma Detar, Gloria Dower, Joan Llewellyn, LeAnna Nester, Rodney Jacobs, Jean Endy, Leon Madeja, Gloria Ezoff, Marie Sneddon, Connie Ingram, Joyce Swavely, Donald Rothenberg, Bill Koss, Plato Brown, Peg Leveille, Joe Hahn, Phyllis Sell, Bob Ecker, John Schneider, Maurice.

Tot Fashion Show Plans Completed By Mother's Group

Interest is running high in the Punch and Judy Fashion show to be held Tuesday night in the First Methodist church at 7:30 o'clock, which will be in the form of a playlet.

The play, sponsored by the Mother's class, was written by Mrs. Mildred Pettigrew, chairman of the committee in charge of arrangements. The tiny tots will line up before a theater erected in the Adult Sunday school room to buy their tickets for a Punch and Judy show. As the youngsters come down the street on their kiddie cars, tricycles and scooters, their fashions will be described by Mrs. Pettigrew.

A touch of humor will be added by "the little boy who will not wait his turn" who eventually is dressed in a little girl's dress to make him behave.

THE SIX TO TEN month old tots will be brought on in strollers by their mothers. Mrs. Harold Lachman, Mrs. John Crowe, Mrs. Eugene Wing and Mrs. Samuel Garber. Ticket seller will be Miss Ruth Callahan, while the ticket taker will be Mr. Daniel Pettigrew.

To keep order in front of the "theater" and to prevent mishaps will be a group of girl scouts and brownies, who are not scheduled as fashion strutters. They will include: Patty Hanna, Ruth Gorman, Gwendolyn Merkel, Cordie Long, Bruce Loud, Newton Oleweiler, Jay Strausbaugh, Walter Fillman, Bert O'Connell.

The youngsters will cross a runway of grass mats to pause at the ticket booth erected in front of the theater which was built and decorated by the Messrs. Clarence Pike, Harold Lachman and Harry Shellenberger. To the right of the theater will be a tiny picket fence through which numerous spring flowers will be growing.

ASSISTING MRS. Pettigrew with arrangements are Mrs. Thelma Pike, Mrs. Grace Merkel, Mrs. Betty Bast and Mrs. Betty Lachman.

The children who will show to their fashion wise mothers the many styles for spring and summer for the pre-school age child will include: Barbara Wing, Kathie and Billy Donahue, Susan Bast, Mary Lou and Tommy Pike, Donna Lynn and Craig Thompson, Judy Meyers, Caroline Swarthmore, Joan Smale, Mary Kay and Billie Lachman, Bonnie Ann and Patty Pierson, Nancy and Billy Gorman.

Also, Barbara Brower, Janet and Bobby McCullough, Jackie and Barbara Long, Barbara and Jay Herb, Bonnie Lou Smith, Barbara Eck, Brenda and Dickie Fidler, Freddie Young, Bruce Garber, John Crowe, and Mrs. Joseph Harmansky, 350 Apple street, yesterday in Pottstown hospital.

400 Students Hard at Work on Operetta To Be Produced in PJHS Auditorium

In many many homes throughout the borough can be heard the whir of the sewing machines as mothers piece together the dainty, funny and pretty costumes for the annual operetta, "The Land of the Dreams Come True," which will be given by the combined elementary schools of the borough in the Junior High school auditorium May 13 and 14 at 7:45 o'clock.

Mrs. Naomi L. Astheimer, supervisor of music in the public schools, is in complete charge of the production. Mrs. Evelyn H. Thomas is in charge of the dances, while Mr. Nelson Grofe, supervisor of art, will take care of the scenery. Miss Elizabeth Jenkins, supervisor of the elementary schools, has been helping with some of the speaking parts.

LEADING PARTS in the show will be taken by the earth children, Barbara Grove, George Sotter, Otis Hespeth and Judy Feight.

The play opens as this group of children are enjoying a holiday outside, but one little girl will not join in the fun insisting that she is hunting for magic berries. She explains that these berries when eaten by mortals enable them to enter a land of dreams come true.

After a prolonged search she at last finds enough berries for each of her playmates, but most of her friends become frightened and refuse to try the experiment. Four eat the berries and fall in a deep sleep from which the pixies come to take them to the land of dreams come true.

FOUR HUNDRED CHILDREN take part in the elaborate production which will include fantastic costumes, beautiful scenery and a chorus of 60 voices.

A partial list of the participants in the show are given below, the rest of the announced at a later date. They include: Barbara Good and Lois Wohlsein, playmates; Sandra Miller, dream lady; Dennis Kuchalla, gnome; Joan Seidel, queen of dream land with her attendants, Susan and Sandra Koenig, Marlene and Darlene Cipriotti; and Carl Kowalski as Puck. The messenger will be John Sova.

The Mother Goose characters are Elizabeth Wentzel, Mother Goose; Linda Weaver, Joan Mackiewicz, Edward Whitby, Rodney Herber, Peter Kier, Michael Raymond, Mary Lou Schaffer, Dorothy Schaeffer, James Scherer, Patricia Karpinski, Barbara Ash, George Longacre, Henry Ireland and William Fryer.

Mrs. Robins Named To District Office Of Church Society

Several members of the Presbyterian Woman's association attended the annual meeting of the Presbyterian society held in the Arch Street Presbyterian church, Philadelphia, yesterday.

It was an all-day meeting attended by nearly 800 women representing all the organizations in this district. Reports of various activities occupied most of the morning session.

Mrs. Robert R. Littell, Tioga, presided, at which time it was reported that a growth of 928 was added to the membership roll during the past nine months, bringing the total membership of the Presbyterian society to 1210. The total of gifts received during the same period amounted to \$77,000, of which \$10,000 was contributed to the Ambulance hospital in India.

DR. EARL JACKSON, head of the Alaskan missions, reported on conditions as he found them there. Mrs. Rex Clements of the Bryn Mawr church led the devotions at the afternoon session.

Installation of officers by Miss Mary Hopper featured the afternoon session, with Mrs. George D. Robins of Pottstown being made a vice president of the Presbyterian.

Mrs. Paul Specht, Reading, reported on the Andean mission established in Ecuador for the makers of Panama hats, whose average life span is only 22 years due to the conditions of their work.

Those attending from Pottstown included Mrs. Linwood Decker, Mrs. Charles Lepper, Mrs. Harry Shope, Mrs. Robert Stewart, Mrs. Paul Witman, Mrs. C. S. Stouffer and Mrs. George D. Robins.

Mrs. Douglas Hale Gives Donations to Veterans

Mrs. Douglas Hale was the donor for the supplies for the bi-weekly trip by the Salvation Army to the Valley Forge General hospital. The canteen took along with them 25 gallons of coffee, 200 sandwiches and 460 doughnuts.

The workers making the trip were Mary F. Overholzer, Mrs. Marion Shollenberger, Mrs. Violet Sonnom and Miss Evelyn Hires.

On Wednesday night the donors were the employees of the Century Beverly corporation with the donations being 223 sandwiches, 40 dozen doughnuts and 75 gallon coffee.

The helpers for this trip were Mrs. Gloria Ciccone, Mrs. Carolyn Mace, Mr. William Ingham and Mr. William Eck.

SO FAR AS MOTHS are concerned, it is.

Sure, we know, you've been frightened by getting the garden ready, painting the porch furniture, shopping for your Spring wardrobe, so have put off doing your closets "just a day or two longer." That's dandy — for hungry, homeless moths. They're probably already picking in your husband's favorite trousers. It might be a good idea to do something before they become permanent tenants in your good woollens, too.

The BEST thing you can do is hurry right down to the **REXALL Drug Store** where a money-saving, moth-killing combination is all ready for you. For \$1.07 you can buy a 16 oz. can of Elkey's Moth Fume Crystals and a 16 oz. bottle of Elkey's Moth Killer and Control Liquid, regularly sold for \$1.34. Both of these **REXALL** products kill not only moths but the worms (larvae) as well. Use them in storage chests, closets, garment bags, drawers. We don't have to remind you again of the costly damage moths can do to woollen clothing, rugs, even upholstered furniture.

Protect them now — Before it's too late — with Elkey's Moth Fume Crystals and Elkey's Moth Killer and Control Liquid — quality **Rexall** products.

TRAIN WRECK —

(Continued From Page One)

to the scene, broken parts of journals (oil containers on wheels) were scattered along the roadbed.

The first cars to jump the rail were the two tank cars just behind the engine's coal car. The only cars to turn over, the tanks lay on their sides crisscrossing the tracks, with wheel assemblies lying beside them.

Their cargo, silica solution, leaked out and flooded the surrounding track area and a half acre of field below.

The box cars following, although standing, were buckled diagonally across the right-of-way. The trucks of these had been ripped off, too.

The next car, the gondola, loaded with scrap iron, and another box car were off the rail, but relatively intact. The contents of the box cars was not revealed.

THE TRAIN, originally 120 cars, was headed from Jersey City, N. J., to Reading. Most of the load, 110 cars, had been dropped at Bridgeport and another 20 cars were to have been picked up in Pottstown.

The engineer, **Horace Baker**, of Norristown, a 43-year employee with the company, said the train was going 35 to 40 miles per hour when he felt the automatic brakes clamp on. Speed limits for freight is 45.

The engine took about 300 feet to stop, he said, and his only thought was that "somebody must have put the air on me." Whenever the air hose between cars is broken, the air brakes are applied automatically, he explained.

BESIDES BAKER, there were four other crewmen on the train, Roy E. Zeber, Norristown, the fireman, in the engine; and James Burnett, Conshohocken, conductor; Joseph Friedman, Shamokin, brakeman, and Stephen A. Jones, Philadelphia, flagman, all in the caboose.

At about 5 o'clock yesterday morning a locomotive from Phoenixville pulled away the upright cars and the others will be lifted onto new trucks and hauled to the Reading repair yards in the near future.

As the damaged cars were lifted off the track, new track and new ties, when needed, were laid down.

NUMEROUS OFFICIALS and railroad police gathered as dawn broke on the ploughed-up roadbed. Among them were R. C. Thran, division superintendent, who directed the repairs; W. N. Bailey, vice president in charge of operations, C. G. Deppen, track supervisor of the Pottstown subdivision, and W. H. DeGott, Pottstown yardmaster.

Another victim of the spectacular crash was a signal tower next to the westbound tracks. It was bent 20 degrees out of line, but continued to function.

Concert Directors Schedule Symphony

The symphony orchestra which was promised as one of the concerts the past year of the Community Concert association's 1000 members will be one of next year's series.

Mrs. James I. Wendell, president of the board of directors, said the board at last night's annual meeting, agreed to bring the 90-piece Rochester Symphony to Pottstown.

The arrangements have been completed for getting the orchestra, she said, but the three remaining presentations can not be made public until the musicians have been contacted.

The group met at The Hill and members were entertained later at the Wendells' home on the school grounds.

Present at the session were Dr. and Mrs. Gustave W. Weber, Lotta Young, Helen V. Purnell, Raymond Elliott, Mr. and Mrs. Harold L. Christman, Mr. and Mrs. Robert Weller, Mrs. Annie Prince, Mr. and Mrs. Harold B. Klein, Lloyd Miller, Mr. and Mrs. Lewis P. Sweeney, Raymond Piersol, Charles J. Custer, Mr. and Mrs. Harold Brownback, Mrs. Raymond Blegen and Mr. and Mrs. Douglas M. Blum.

ing last night were York and Trinity High schools, tied for first, and Hervey and South Fork High schools, tied for second.

Pottstown's winners yesterday had advanced to the Oil City finals by winning the district competition held early the past month in West Chester.

The borough musical group's biggest entry, a home-written three-act operetta, also will be entered in the State contest today.

Borough Man Arrested On Disorderly Charge

Lawrence Straub, 32, of 423 Water street, was arrested at his home last night on charges of drunk and disorderly conduct and assault and battery.

The charges were made by his wife, Lillian, after a family altercation, and the arrest was made by Motor Patrolmen Earl J. Rhoads and Robert Houser.

Straub will have a hearing at 1:30 p. m. today before Justice of the Peace Raymond C. Kelley, of the Second ward.

BUSINESS MEETING HELD
Only routine business absorbed 25 members of the home association of George A. Amole Post 47, American Legion, assembled for a quarterly meeting last night in the Legion home. George Lappas, president, was in charge. The next meeting will be on July 30.

also had May day messages, and the Moscow radio broadcast urgent calls for "tollers to unite."

"The age of capitalism is nearing its end," said Moscow's Pravda, Communist news-paper, laying down a confident line for the traditional holiday of labor.

"The Soviet Union has strengthened her prestige among the working masses of the world," it declared in an article broadcast in full by Moscow radio, ignoring recent setbacks such as in Italy.

Cubs Turn Historians At Meeting in Stowe

One hundred parents and members of Stowe Cub Pack 255 gathered last night in St. Peter's Lutheran church for a program emphasizing history.

Den 1 outlined the history of Pottstown; Den 2 and 5 united to present a model den meeting, patterned on an Indian council; Den 3 traced the history of the Pennsylvania Dutch, while Den 4 presented an account of Daniel Boone's early life.

The program in charge of Cubmaster Leonard West, also included the reception of three new members and a nail-driving contest won by Harry Mohr.

The following awards were made: Bruce Pierce, gold and silver arrows; Stanley Stetler, silver arrow; Richard Brunner and Nicholas Lenhardt, lion award, and William Regan, bear award.

Doehler Conference On Wages Closed

Wage negotiations between officials of the Doehler-Jarvis corporation and officers of the International Mine Mill and Smelter Workers (CIO), broke off unsuccessfully in New York last night.

Spokesmen for the Doehler-Jarvis chain of plants said that the talks would be adjourned for six weeks "until we can see what the national wage picture is."

The contract between labor and management will not expire until May 1, 1949. The talks during the past week were in connection with the wage reopening clause of the contract.

Gustave H. Schade Jr., president of Local 703, MMSW, was in New York for the talks, with other officers of the locals.

Milton B. Saller, secretary of the local union, said that the decision on whether men in the Pottstown plant would continue at work while further talks were pending would be made when the officials returned to Pottstown.

MARRIAGE LICENSES

Application for marriage licenses were made at the Montgomery county courthouse, Norristown, by:

Michael K. Budich, Pottstown Landing, and Stella Kuspis, 1 West Fourth street.

John A. Bielecki, Pottstown RD 3, and Marilyn L. Corbett, 122 East Third street.

Clarence E. Collins, Parkersford, and Beatrice I. Quigley, 562 State street.

Allied Officials Say Reds Ready to Talk Over Travel Bans

BERLIN, April 30 (AP) — British and American officials expressed belief tonight that the Russians were about ready to talk over the traffic restrictions they clamped on the western Allies in Berlin a month ago.

These officials' optimism apparently stemmed from their contacts with the Russians.

An interview with Major Gen. P. Kwachin, Soviet transport chief, in the official Soviet newspaper *Taegliche Rundschau* gave the opposite impression, however.

Kwachin said the measures introduced by the Russians had proved useful and "do not have to be revised."

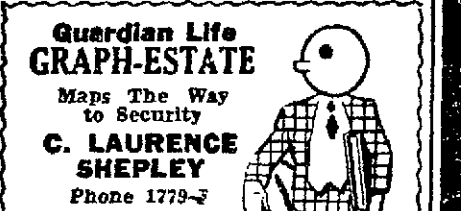

THE BRITISH LIFTED the suspension of normal barge traffic on inland waterways from their zone into the Soviet zone today after a stoppage of about two weeks. They disclosed that the Russians had been permitting barges to enter the Soviet zone without the new documents they previously had been insisting upon. The barges carry much food and supplies to Berlin, as well as to the Soviet zone and Czechoslovakia.

The Russian consented to hold a conference for purposes of clarifying their traffic restrictions soon after they were imposed on April 1. The western powers were never able, however, to pin them down to a place and time for the discussions.

Today British and American officials were reluctant to discuss the situation, but one American source expressed the view that the Russians were now ready to approach the talks in a "conciliatory manner." It was believed the Russians would try to keep such talks on a Russian - British - American level, however. It was not known whether Britain and the United States would consent to the exclusion of France.

Five 'Little Red Schoolhouses' to Be Sold At Auction in New Hanover Township

Sentimental upholders of the "little red schoolhouse" will vie with unsentimental seekers of any house, red or otherwise, when five one-room schoolhouses in Upper Hanover township go on the auction block May 5.

The five to be auctioned were abandoned because of lack of pupils, and are complete with initial-carved desks, wood-burning, pot-bellied stoves, three old organs and one school bell that sounded for its first students in 1857.

Although the school buildings average 70 years of age and have no improvements but an artesian well, a number of home seekers will be submitting bids to the auctioneer, declared Wallace M. Keely, Norris-town, solicitor for the township school district.

Already he has received an "unusual number" of queries about the

sale, he said. Included with the sales, to be held in the afternoon at the school sites, will be an average of half an acre of land.

PERHAPS THE most famous of the schools is Warner's, near East Greenville, which is the only genuinely red schoolhouse of the five, and from whose old belfry hangs the ancient bell. Its sale will start at 4 p. m.

The other four and their auction times are:

Bethesda, 1 p. m., on a road from Clayton to Perkiomen Heights; Wendling's, 1:30 p. m., on a road starting two miles west of Perkiomen Heights and leading to Jacobs Saw Mill road; Schwenk's, 2:15 p. m., on a road from Perkiomen Heights to Green Lane, and Klinesville, 3:15

Big 1st Inning Gives Colonels 7-2 Victory

Collegeville High's Colonels, continuing their rapid climb in the Upper Montco league, scored five times in the first inning yesterday and coasted the rest of the way for an easy 7-2 victory over East Greenville at Collegeville.

The victory not only avenged a defeat at the hands of the Greensies earlier in the season but also advanced the Colonels into a second-place tie with East Greenville.

The two teams trail Pennsburg High's pace setters by one full game. The Greensies and the Colonels have each lost twice in five games.

TOM SAEGER went to the mound for East Greenville, hopeful of pitching his teammates to their fourth victory. His teammates didn't give him good support, however, and before he could retire the home team in the first inning five runs had scored.

Only two singles—by Bruce Stevenson and Wel—figured in the scoring. The main factors were

two errors and two fielders' choices that failed to net any outs.

East Greenville got one run back in the third inning when Godshall stole home after walking and advancing to third on Grubb's single.

An error, Cook's single, Zielenki's double and two fielders' choices accounted for Collegeville's pair of runs in the fifth inning, while Richard Bieler's double and Stoneback's single gave East Greenville its second run in the sixth frame.

Strauss Stops Negotiations With Boxing Managers in Dispute Over Television

NEW YORK, April 30 (AP)—Sol Strauss, kingpin New York fight promoter, broke off negotiations today with boxing managers in the dispute over dividing up television payments.

The boxing managers' guild immediately voted unanimously to boycott Strauss' Twentieth Century Sporting club's operations chiefly in Madison Square Garden.

The argument is the first important national test of how the potentially rich television purses will be divided. The dispute has closed down major fights in New York for the past month.

Strauss, acting head of the Twentieth Century Sporting club in the absence of Mike Jacobs, said through a spokesman that he had ended his dealings with the guild "because the managers aren't reliable—every time we arrange a deal they increase their demands."

THE BOXING MANAGERS want a share in the payments television makes for fight rights. One guild source said television pays \$15,000 annually under the contract ending June 1. This figure may be increased next year. The same source said the payments now are split evenly between the Garden and the Twentieth Century Sporting club.

Both Joe Louis and Jersey Joe Walcott will receive a cut in the television payments for their heavyweight championship fight in Yankee Stadium June 23 under Jacobs' promotion. Although the present dispute could not apparently affect the big fight it might, if continued, upset the preliminary program.

A guild spokesman said Strauss telephoned Charlie Johnston, president of the guild, to announce his decision. Johnston then explained the situation at a closed guild meeting late today and the unanimous vote followed.

YANKEES HAND BOSTON RED SOX 6-0 SETBACK

Allie Reynolds Gains Third Straight Victory; Souchock Homers Twice

BOSTON, April 30 (AP)—The New York Yankees crushed the Boston Red Sox today 6-0, on four home runs over the left field wall, two by Steve Souchock and one each by Bill Johnson and Johnny Lindell.

Allie Reynolds became the first three-game winner in the American league by blanking the power-laden Sox with six hits, all singles. It was the Yankees' fifth straight victory and their third in four meetings with Joe McCarthy's Boston gang.

The Yanks took a liking to the southpaw slants of Mickey Harris, who shut them out with five hits a week ago. Souchock, playing first base in place of George McQuinn against a lefthanded pitcher, deposited No. 1 over the wall in the second inning. Lindell bashed his first of the year in the third after Allie Reynolds doubled.

SOUCHOCK, a graduate from the Kansas City farm where he hit .294, hammered his second out of the lot in the eighth after Lindell walked. Johnson, the next batter, also homered.

As the Yanks hit three home runs yesterday against Washington, today's assault made it seven in two games. Their season total now is 12 in nine starts.

Joe DiMaggio's third-inning double, his only hit, stretched his hitting streak to seven consecutive games. Teddy Williams went hitless.

Field of Six Horses Ready For 74th Kentucky Derby

LOUISVILLE, Ky., April 30 (AP)—Seven three-year-olds today were entered in tomorrow's 74th running of the Kentucky Derby but before nightfall Galedo, a surprise entry, was scratched.

The remaining entries included two terrific race horses and four other animals with the required number of legs and ears.

The pair of bullets, of course, are Citation and Coaltown, the amazing entry from Calumet farm. They are expected by most observers to fight it out down the stretch for top money in the rich classic for three-year-olds.

This duo has established itself such strong favorites that Churchill Downs officials announced only straight betting in the mutuels will be allowed.

IT WILL BE the first time since 1905 that win betting only has been accepted on a Kentucky Derby. The limit was established by Col. Matt Winn, Downs president, because of the certainty of a "minus" pool if

place and show betting are permitted.

In addition to the Calumet pair, the other thoroughbreds, whose owners parted with \$1000 each to cover the entry fee, were Ben Whitaker's My Request, W. L. Brann's Escadru, R. W. McIlvann's Billings and Mrs. John P. Adams' Grandpere.

Tomorrow's Derby field will be the smallest since 1897, when Pink Star ran off from five rivals. With six stepping the mile and a quarter, the net payoff is the winner will be \$83,400. Assault pocketed a record \$96,000 two years back, when 17 ran.

The prospect of a skimpy field and the strong possibility that the boxholders will witness no more than a match race between stablemates boasting the same pappy, Bull Lea, didn't seem to be keeping anybody home.

LOUISVILLE'S HOTELS are packed to their usual Derby capacity, which is far beyond the point of comfort, and the city's sidewalks and streets could use stretching to about twice their present width. Col. Matt Winn, who runs the Derby, talks casually of a probable crowd of 100,000.

Gates will open soon after dawn, and the first race on the Derby program is scheduled at 1:30 (Pottstown time). The big event, seventh on the card, is down for 4:30 p. m., somewhat earlier than in past years.

In the draw for positions, Galedo, the 100-to-1 shot, drew the rail, with Citation No. 2 and others fanning out in this order: Coaltown, Escadru, Grandpere, Billings and My Request. With Galedo out of it, Citation and Coaltown would start as a team on the inside—as though they need small favors.

PURELY AS A GUESS, the Calumet entry figures to open at about a 1-5 odds-on favorite, and to zoom to around 1-10 by the time the money stops pouring into the mutuel windows. The best a man betting on Citation and Coaltown can expect to collect is \$250 on each \$2 ticket. Winn has promised to pay that much.

My Request, winner of the Wood Memorial and both Experimental handicaps at Jamaica in recent months, is expected to open as second choice at about 6-1, with Escadru 12-1, Billings 20-1, and Grandpere 40-1. Jimmy Conway, trainer of My Request, isn't at all convinced his horse can't give the Calumet comets a run for their money.

"There's only one thing I wish," he said. "I just wish I had another horse—a good speed horse—to go out in front and take some of that early run out of Coaltown. Maybe he wouldn't have so much left in the stretch. It's not easy racing against an entry."

Boyerstown Lassies Defeat Collegeville

With Barbara Bernhart and Marie Mohn getting seven hits between them, Boyertown High's lassies rolled to an 8-3 triumph over Collegeville High yesterday afternoon at Collegeville.

Bernhart pounded out four hits in four trips to the plate, while Mohn connected for three safeties in four trips, two of them going for extra bases. One was good for two bases and the other went for a home run.

WARWICK NIPS TERRE HILL FOE IN 4-2 CONTEST

Pirnik's Proteges Get All Runs in 6th Frame; Losers Held to Three Hits

Warwick High's baseball team added Terre Hill to its list of Bl-County league victims yesterday, scoring all its runs in the sixth inning for a 4-2 triumph at Warwick.

Coach Lou Pirnik paraded three pitchers to the mound against Terre Hill to cop victory No. 3 in league competition and victory No. 4 this year.

Shingle, Skiles and Jim McAfee shared the pitching duties and held Terre Hill to three hits over the seven inning route. Two of those hits came in the sixth inning when Terre Hill scored both of its runs.

FOR FIVE INNINGS, the two teams played scoreless ball with the pitchers displaying good form. Terre Hill opened scoring in its half of the sixth inning with a brace of runs.

Start led off with a single and Shaffer followed with another one-bagger. Hartman drew a base on balls to fill the bases, and Stork drew another base on balls to force in the first run.

After Comelly fanned, Frank-houser pushed the second run across the plate with a squeeze bunt. McAfee then retired the side before the visitors could tally again.

WARWICK CAME BACK in its half of the same inning for all its runs to clinch the decision. Jack Painter doubled to start the rally, and Wells quickly accounted for the first run by singling him home. Steltz grounded to third base, but all hands were safe when a play at second failed to net an out. Moses followed with a double that sent Wells home with the tying run and putting runners on second and third.

Buckwalter was safe at first on an error by the Terre Hill shortstop, sending Steltz in with the third run and advancing Moses to third. Moses tallied with Jim McAfee got on through the right fielder's mis-cue.

Rip Needs Help From Highe in Late Innings; Kiner Gets Three Hits

CHICAGO, April 30 (AP)—The Pittsburgh Pirates paraded eight runs across the plate in the second inning today and breezed in from there for a 10-4 victory over the Chicago Cubs and a sweep of the two-game series.

The Cubs out-hit the Bucs, 15-12, and forced Truett "Rip" Sewell to seek the aid of Kirby Higbe. The victory went to Sewell, his second of the season over the Cubs.

Three of the Bucs, Ralph Kiner, Stan Rojek and Clyde Klutz, collected three hits each of the 12 Pittsburgh accumulated. Kiner had two double and Klutz one.

Chicago's Henry Schenz blasted three singles out of five trips to the plate.

Trojans Poor 3d in Track Meet With Ambler and Norristown Foes

Failing to win one event, Pottstown High's Trojans finished far behind Norristown and Ambler in a triangular track meet on the Roosevelt Field cinders in Norristown yesterday.

Norristown finished in first place with 67½ points; Ambler was second with 54½ and the Trojans were third with 21 points.

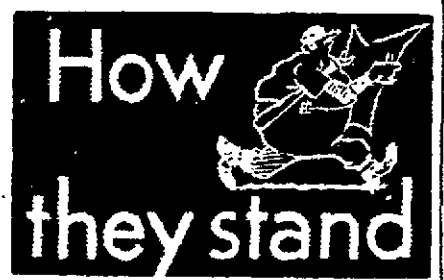

Ambler and Norristown battled for the lead throughout the entire meet, but it wasn't until the discus results were in before the Eagles pulled away for victory.

Sam Griffo, Henry Butler, Bob Fisher and Fred Capone swept all four places in the discus to give Norristown 11 points and a sure win.

ALL Norristown won six points and Ambler won seven, but the Eagles took the majority of the seconds and thirds to collect points.

Pottstown's best showings came in the javelin, mile run, 440-yard dash and the 880-yard run. The Trojans managed to finish second in those events.

Home Runs Give Tribe 7-2 Win Over New York

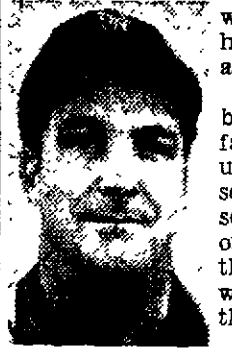

NEW YORK, April 30 (AP)—Johnny Sain found his way into the winner's circle for the first time today with a five-hitter against the New York Giants as the Boston Braves routed Ray Poat with a three-homer blast and a 7-2 decision.

Tommy Holmes blasted a Poat fast ball into the upper right field seats to open the scoring in the second inning but the Braves really went to work in the third.

A walk to Eddie Stanky, the base on balls specialist, started Poat's troubles. When West Westrum threw wildly over second base on Jim Russell's bunt, all hands were safe.

Chicago White Sox Pound Newhouser For 5-4 Triumph

DETROIT, April 30 (AP)—Using only six hits to score runs—four of them unearned—off Hal Newhouser, the Chicago White Sox swept a two-game series from the Detroit Tigers with their second straight 5 to 4 victory today.

Held to two scratchy singles by Newhouser in the first seven innings, the Sox bunched four hits in the eighth to soak Newhouser with his third straight loss. First baseman George Vico's error made three of Chicago's four eighth inning markers tainted and catcher Bob Swift's throwing error let the other Sox run score in the fifth.

DODGERS WHIP PHILLIES, 11-2, UNDER LIGHTS

25,834 Fans See Bums Hand Dutch Leonard First Loss of Season

PHILADELPHIA, April 30 (AP)—Six-hit pitching by Ervin Palica combined with four Philadelphia errors gave the Brooklyn Dodgers an 11 to 2 win over the Phillies before 25,834 fans tonight.

The Dodgers jumped on Dutch Leonard for five runs in the less than two innings to hand the veteran knuckle baller his first defeat of the season.

Dutch gave up four bases on balls, three in the first inning when the National League champs counted three times as Spider Jorgenson and Pete Reiser came through with timely hits.

His successors, Oscar Judd and Sam Nahem, had just as much trouble finding the plate. Each walked five. Nahem handed out four of his free tickets in the eighth, which, combined with two errors, gave the Dodgers four runs without a hit.

Bobby Locke Holds Lead in Golf Tourney

WASHINGTON, April 30 (AP)—Another way-below-par round today—this time, a 66—gave Bobby Locke a four stroke halfway lead in the National Capital Open Golf tournament.

The South African was far too good for the others as the Johannesburg ace almost made it a one-man show. His seven under par 65 yesterday earned him a two-shot edge after the opening round. Today's 66 brought a 36-hole total of 131—four strokes ahead of Skip Alexander's 69-66-135.

Their 66's were the day's low rounds.

One stroke back was Cary Middlecoff of Memphis with 136.

Ben Hogan of Hershey, Pa., tacked a 70 today to his opening 68 for 138 and fourth place.

Johnny Weitzel, Reading, Pa., had a 67-76-143.

Musial's Big Bat Leads Redbirds to Easy Win; Gumbert Losing Pitcher

CINCINNATI, April 30 (AP)—Scoring in six of the nine innings, with a seven-run rash in the seventh, the St. Louis Cardinals walked the daylights out of the Cincinnati Reds here today, 13 to 7.

Eddie Dyer's boys, who have National League pennant ambitions, hit five pitchers for 17 safeties, including a grand slam homer by Joe Garagiola in the big seventh, which broke a 5-5 tie.

Stan Musial continued his batting rampage too, with a homer, two doubles and two singles in six trips to the plate to drive in four runs — the same number as yesterday.

Ted Horn to Race In Reading Tomorrow

READING, April 30 (AP)—Led by six drivers who are scheduled to compete in the 500-mile classic at Indianapolis on Memorial Day, a brilliant field will converge on the Reading Fairground track Sunday for a program of big car auto races.

Heading the entry list is Ted Horn, Paterson, N. J., who is unbeaten in all five of his starts this season. National AAA champion for the past two years, Horn captured the East Coast inaugural here April 4, in record breaking race time.

Other Indianapolis drivers in the fold include Bill Holland and Jole Chitwood, of Reading; Walt Ader, Bernardsville, N. J.; Fred Carpenter, Albany, N. Y., and Walt Brown, of Massapequa, Long Island, N. Y.

Mother Is Fined \$100 For Cruelty to Child, 3

CHICAGO, April 30 (AP)—A 26-year-old mother was fined \$100 and costs today for holding her three-year-old son's hand over a gas jet. "I was only trying to scare him," Mrs. Florence Manganello told Judge Mason S. Sullivan. She appeared before him on a charge of cruelty to a child—her son, Louis Jr. She said she wanted to scare the boy to break his habit of turning on the gas. "I didn't realize the flame was so hot," she said.

Mrs. Manganello and her husband, Louis Sr., are separated and a divorce suit is pending.

FAKE AGENT NABBED

PITTSBURGH, April 30 (AP)—The last of a series of arrests of Jim Amel, a notorious underworld character, was announced today on charges of falsifying fingerprints as an FBI agent. While he was being arrested he was charged with having cashed \$735 in worthless checks in hotels in the Uniontown area.

Files Suit

Actor Errol Flynn (above) filed suit yesterday for \$300,000 against a film magazine for publication of a story which Flynn said he did not write or authorize. The story, titled "My First Screen Kiss," is charged as being harmful to Flynn's professional standing.

Jailed Espionage Agent Asks Court for Freedom

LEWISBURG, April 30 (AP)—Carl Kranz, a convicted war-time espionage agent, asked today for his freedom from prison on the grounds that he was convicted unlawfully.

Kranz, formerly of Rochester, N. Y., was one of 33 defendants in a mass espionage and conspiracy and sentenced in 1943 to serve eight years in prison.

Pleading his own case at a hearing before Federal Judge Frederick V. Follmer, Kranz claimed that the New Jersey Federal court where he was tried had no jurisdiction in the matter. He further claimed that the statement which resulted in his indictment was procured "under duress."

Kranz testified that he was taken from a court building in New York city to the Federal Bureau of Investigation headquarters there and held over night for questioning "under implied force."

Pair Pleads Innocent In Patrolman's Slaying

PHILADELPHIA, April 30 (AP)—Two men charged with the killing of Patrolman Cecil Ingling during a supermarket holdup 15 months ago pleaded innocent when arraigned today.

James P. Smith and David Almeida, brought here from New Orleans where both were convicted of bank robbery, were arraigned before Judge Harry S. McDevitt.

Earlier, Judge McDevitt signed a writ of habeas corpus directing the government to produce the two men. The two men told the judge that they had no lawyer. To which McDevitt replied:

"Get yourself one. You will be tried one week from today."

After Almeida entered his plea the jurist said to him:

"I told you 16 years ago as you stood at the bar of this court that you were headed for the electric chair. Get going."

GLEN MOORE

Blaze Threatens Royersford Mill; Firemen Kept Busy

The plant of E-Cut Knitting mills, first avenue, Royersford, was threatened by fire early last night, as the last of three alarms which kept firemen on the move from 3 to 6:30 p. m.

The fire at the E-Cut plant could have developed into a serious blaze, had it not been discovered when smoke filled the sewing room on the third floor.

The fire started while roofers were making repairs to the tin roof. Melting solder burned through the roof and the smoldering fire spread into the third floor, when it was discovered by Harlan Beard. The blaze was extinguished by chemicals.

THE FIRST ALARM, at 3 p. m., summoned the three companies of Twin Boroughs to the house occupied by the Hill and Witzel families, south of Pikeburg and Wall street, to extinguish a kitchen fire, with minor damage resulting.

At 4:45 p. m., Liberty Fire company was summoned to the apartment of Helen Ingram, 504 South Main street, Spring City, to extinguish an oil stove fire.

While the Liberties were busy with this call, the alarm was sounded for the E-Cut plant in Royersford, at 4:50 o'clock, to which the Humane and Friendship companies, Royersford, responded, while the Libs were returning from the call to the Ingram apartment.

Telephone Firm Employees Honored at Luncheon

Firemen's Group To Be Organized

The Seven-County Firemen's association, which has been in the process of organizing for several months, will be formally organized at a meeting this afternoon at 1:30 o'clock in Friendship Firehall, Royersford. Counties asked to be represented in the movement are Montgomery, Chester, Delaware, Berks, Bucks, Lancaster and Lehigh. Officers will be elected.

Another big firemen's gathering is scheduled here tonight, when Montgomery county Firemen's association will have its monthly meeting in Royersford. Upward of 400 were expected to attend the session as guests of Humane Fire company.

Wife of Schoolmaster Cleared of Charges

NORRISTOWN, April 30 (AP)—All charges were dismissed today against Mrs. Laura Balles, wife of George W. Balles Jr., who is under sentence for attempted rape of a 11-year-old girl pupil of a defunct private school which he operated.

The charges against Mrs. Balles included aiding and abetting her husband. She stood trial with him in Norristown on March, 1946. Both were convicted but Mrs. Balles was granted a new trial that never has been held.

She was at liberty under \$1500 bail.

Balles, convicted at his third trial after two jury deadlocks, has appealed to the State Superior court.

AT THAT MEETING, board members explained that although the storehouse and garage was in a residential neighborhood, it was there before the zoning ordinance of 1945 was passed.

But to allow a factory to occupy the structure, Jay H. Rinehart, chairman of the zoning board explained last night, would lessen the restrictions on the neighborhood.

"The board does not have the authority to allow anything to be established there that would be in a lower zoning classification than what is already there," he said, adding that to permit the operation of a dress factory would require the re-zoning of the area by borough council.

stores, but that customers who came to shop would actually be parked. "We have to make the distinction," he said.

ROBERT D. RAUGH, of Raugh's Reliable Cleaners and Dyers, 55-57 North Charlotte street, remarked that, with all-day parking along Charlotte street by a few motorists, "there's no parking there anyhow." This brought an appreciative chuckle from the group of merchants.

Radia Koury, who operates a shoe repair shop at 123 North Charlotte street, also was in favor of a parking ban, but opposed changing the flow of traffic to northbound only.

Frederick Frey, of the Arrow Camera Shop, 80 North Charlotte street, pointed out that he had private parking facilities for his customers, but still felt that, in the best interests of motorists and pedestrians, parking along the busy, narrow roadway, should be stopped.

He also suggested a longer permissible parking period in front of the King street meters, to take some of the automobiles from other side streets.

JOHN B. PRICE, who operates a dance studio at 112 North Charlotte street, and who has been most vociferous in demanding action to cut down accidents, declared, "I have no stock to sell, and my only interest is in safety." After much consideration, he said, he believed that a ban on parking would be better than making Charlotte street a one-way thoroughfare.

J. G. Ludwig, president of the Pottstown Chamber of Commerce, also came out for continuation of two-way traffic and a possible parking ban, while D. C. Knauer, vice chairman of the chamber's traffic committee, asked that the businessmen's suggestions be given a test.

Howard Keiper, pastor of Coventry Brethren church; the Rev. Wilbur A. Martin, pastor of First Church of the Brethren, and the Rev. John B. Prantz, pastor of Trinity Reformed church.

APRIL WEATHER -

(Continued From Page One)

for the year's rainiest month—July.

In fact, it did practically nothing to boost the rainfall for the year since it was noted that a deficiency of 20 inches still exists.

EVEN THE COLD was not unusual. The lowest temperature for the month was 32 degrees recorded on April 18, which managed to equal the record set for that day. It was a great big 20 degrees higher than the low record of 12 set on April 1, 1923.

With all its chills, April really was warm. It registered an average temperature of 52.2 degrees, 14 degrees above the normal for the month.

The highest temperature was 81 degrees set only two days after the lowest on April 20. It was a good 13 degrees lower than the record high of 94 set on April 25, 1915.

"No, there were no records broken, it was just an average month," the weatherman said sadly as he rolled up his sleeves to begin his battle with May.

To open the first round, he predicts fair weather today with not much change in temperature.
